

MUSACCHIO MISSIONS

JUNE 2021 UPDATE

"When Jesus saw her, he called her over and said to her, 'Woman, you are freed from your disability.' " Luke 3:12 ESV

In this newsletter we are focusing on the amazing women in Guatemala who are a part of our new CADA Women's Center and Vida Assembly of God.

Thank you for partnering with us as we empower the church in Latin America Caribbean to serve the dignity of the poor and vulnerable through the love of Jesus!

Industrial Sewing Certificate increases income by 625%

One of the best paid trade jobs in the Guatemala City area is industrial sewing. Just check the tag on your favorite Target shirt. Once certified as seamstresses through CADA these women are able to compete for some of the best wages in the labor sector. Increasing their income by 625% (from \$60 to \$375/mo) means their kids can go to school! This is transformative for families seeking to break the cycle of generational poverty. The next step is helping them start their own business!

From Potential to Prosperity

Every Monday morning Luis plants seeds... in the hearts and minds of these awesome women. Agriculture was Jesus' preferred metaphor for so many of his teachings. It's no different on Monday mornings at CADA. When you can grow your own food you have potential. When you can sell it, you have prosperity. That's why we teach both: growing and selling. Because, together, these things empower women to resolve food security issues at home and change the future for their families.

The New CADA Women's Center - Guatemala City

In April we were so excited to finally launch a new women's empowerment ministry in Guatemala City with Convoy of Hope and Vida Assembly of God. The Spanish word CADA means "every" and the CADA women's center is committed to serving every woman through spiritual development, personal mentoring, and vocational training. Covid restrictions currently limit our attendance to 40 women, but we plan to increase to 80 by next year! Thank you for making it possible for these women to gain valuable skills and meet with Jesus!

Learning cosmetology techniques at CADA

Women from all walks of life participate in our training programs. Many women in Latin America do not have the opportunity to receive a formal education or learn a valuable trade. At CADA, women learn more than just about how to beautify the outside of a person. They learn about their God given beauty, about His plan for their life, and about how to minister to other women who will one day sit in their chair. It's funny to think that the greatest lesson to be learned in our cosmetology workshops is to never judge by appearances.

Nina Graduates from Evangel University!

Pray for the Amazing Women of CADA!

Pastors Romeo and Mirna Taracena (front left), with whom we planted Vida Church in 2005, are working closely with us in this project to empower women. In fact, it was birthed in Mirna's heart several years ago as she began to visit and serve women in the red light district in the center of Guatemala City. As God increased the burden, he also increased Mirna's faith, and in 2019 we began to have conversations about what God might do if we partnered together with him. And in April 2021, exactly 16 years after we planted Vida Church together, the CADA Center for Friendship, Development, and Outreach was born. The purposes of the Lord never fail!

Roberta trains women to smile from the inside

Roberta, smiles through her mask - and it's real! She describes her life before knowing Christ as "a living hell in the darkest hole". Roberta was rescued from a life of generational prostitution and mentored by our ministry partner, Bálamo. Roberta's life is a beautiful offering as she leads our cosmetology courses and serves to restore the dignity of women through the love of Jesus.

Sophia Graduates from Nixa High School!

Super proud of these two Women of our own!

Sophia (above) graduated with high honors and is getting ready to begin her Freshman year at Southeastern University to study Biology as she pursues a degree in medicine.

Nina (left) has achieved a huge milestone through graduation from Evangel University. She is working full time as she looks to God for his continued direction in her life.
