

MUSACCHIO MISSIONS SUMMER 2022 UPDATE

PLANTING HOPE and GROWING LIVES in COLOMBIA

John & Colombia National Directors Brian & Raquel Correia

Convoy of Hope Colombia Staff: Jennifer, Carolina, Jairo, Liset

Thank you for your Partnership!

Because you do what you do, we are able to do what we do!

We are grateful and humbled by your long time faithfulness in partnership with us. Together we are changing the world in Jesus' name.

As LAC/AGWM missionaries it continues to be our privilege to serve the poor and vulnerable by developing strategic partnerships between Convoy of Hope and our missionaries around the region.

These partnerships use compassion efforts to empower the church to engage communities and transform lives in Jesus' name.

In this newsletter we are focusing on the new ministries we've been able to launch in Colombia in 2022 because of your partnership!

Forever Grateful,
- John & Dina

***"...but you will receive power... and will be my witnesses... to the uttermost parts of the earth."
Acts 1:8***

IT TAKES A TEAM! God loves when we work together to proclaim hope in Jesus alone and to serve people's needs. And he always puts his blessing on unity. It's a privilege for Dina and me to work with our LAC missionary colleagues in Colombia, Brian and Raquel Correia (brian.c@agwmcolombia.org). As missionaries it is our privilege to oversee Convoy of Hope's ministry in Latin America, so we are really excited about this partnership with our AGWM teammates to use **compassion ministries as a catalyst for planting churches in difficult areas of Colombia.**

PLANTING HOPE.

With Brian and the Colombia team we recently walked the property in the village of *Cajibío* where the team is developing a demonstration farm where pastors from around the area will be trained on how to leverage agriculture to serve their communities. We pray this will open doors to the gospel, and result in lives transformed and new churches planted. These twenty farmers are currently receiving training on how to make organic fertilizers.

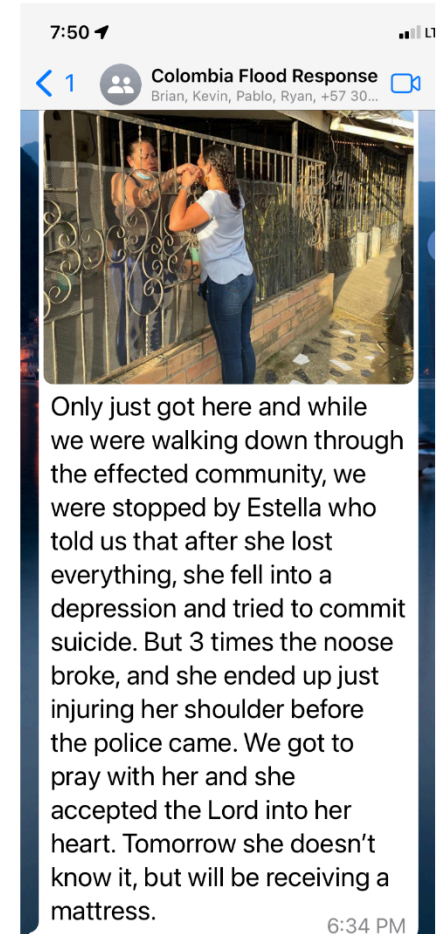

Pray for favor among farmers and for God to supernaturally prosper their crops!

A FLOOD of COMPASSION in COLOMBIA

The community of Apartadó in northwest Colombia suffered crippling flooding that left people desperate for clean water, warm food and a place to sleep. The local Convoy of Hope Colombia team (led by Brian and Raquel) were the point of the spear to serve 300 families.

Pray for a revival to sweep through as compassion is delivered in Jesus' name!

Only just got here and while we were walking down through the effected community, we were stopped by Estella who told us that after she lost everything, she fell into a depression and tried to commit suicide. But 3 times the noose broke, and she ended up just injuring her shoulder before the police came. We got to pray with her and she accepted the Lord into her heart. Tomorrow she doesn't know it, but will be receiving a mattress.

Brian's message first day of Apartadó response. **Pray for Estella and others who have lost hope, that they may find it in Jesus Christ!**

A FLOOD of COMPASSION (continued)

Marcos is one of 100 little champions receiving a warm meal through the new children's feeding program in Apartado, Colombia launched through the Assembly of God church as a result of the flood response.

Pray with us that Marcos, his family, and his community would experience the love and life of Jesus through these new ministries.

After disastrous flooding in Apartadó, more than 300 families are sleeping easier on brand new mattresses and with prayers for God's favor. **Pray for the Holy Spirit to open hearts to experience the transforming power of Jesus!**

During the distribution, warm meals were prepared by the local AG church for several hundred families.

Pray for continued resources to serve many in ways that makes Jesus' name great!

FAMILY CORNER

It's easy to love these babies! We are so blessed to be able to visit with our sweet grand babies!

Ella (5), Ezra (3), Maggie (1½), Noah (1½) and Ivy (2 mo).
